

Cornell University  
College of Agriculture  
and Life Sciences

Dear Mr. M Anandaraj,

Greetings from Cornell University & Sathguru!!!

We take pleasure to announce **Cornell University** and **Sathguru's Global Food Safety Management Program** from **18<sup>th</sup> to 21<sup>st</sup> January, 2016** at **Bengaluru, India**.

*"The food you eat can be either the safest and most powerful form of medicine or the slowest form of poison"* – **Ann Wigmore**

**Global Food Safety Management Program 2016** will address new challenges and emerging issues related to Food Safety. The program will provide the opportunity to foster a dialogue on safe and nutritious food and the role of food science, technology and innovation in achieving them. The course is an exposure to technological, strategic, regulatory and market elements through a comprehensive four day program.

The program aims to highlight issues related to -

- The necessity and methodology of an effective safety system in the food supply chain
- The need for comprehensive and relevant food safety standards
- Regulatory principles to monitor safety assessments
- Effective surveillance strategies
- Risk analysis and management
- Safety issues in cross border trade

We encourage your participation / nomination in this prestigious program to enhance your capabilities and apply innovative ideas for achieving competitiveness.

### Cornell and Sathguru

Cornell University and Sathguru Management Consultants have been associated for the last eighteen years in providing Executive Education in the Asian region. Sathguru, as an associate of Cornell, is engaged in executive capacity building and research in several regions of Asia.
