

Dear all,

As you are aware, ARISoft, our office automation software, is undergoing a massive facelift and up-gradation from stand alone to web version. Soon it will be launched with several additional features and new modules like e-procurement. This is an occasion to rectify the mistakes that crept in and to give suggestions to further improve it. Please send your comments/observations/suggestions to Mr. K. Jayarajan ([jayarajan@spices.res.in](mailto:jayarajan@spices.res.in)) on or before 31 March 2011. We look forward to your valuable inputs to make ARISoft better and more useful.
