The meeting started with introductory remarks by Director.

The action taken report for the previous meeting's decisions were discussed.

He indicated that P.I.s of externally aided projects should take care to see that equipment are purchased within reasonable time. It is the responsibility of the concerned P.I. to give the correct specification and check the technical quotations in time. As the entire power is delegated to the P.I.s, they should not find a scape goat for their lapses.

House also discussed about the forth coming RAC to be held from March 31st to April 1st and the guidelines for the preparation of RAC.

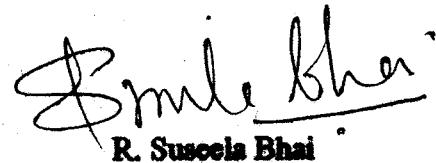

He stressed that, while writing popular articles, care should be taken to see that it should be related to the area of specialization.

Also discussed about the production of planting material for Tsunami affected areas of Andaman Nicobar Islands.

The meeting came to an end at 4.30pm.
