Dated : 30.03.2005

Sub: Refund of unspent balances under NATP – reg.

The Ministry of Finance/Parliamentary Standing Committee views the fact of substantial balances lying unspent with the implementing units at the end of the financial year seriously. Accordingly it has been decided that the unspent balances under all the sub-projects of NATP, as on 31.03.2005 with the implementing institutions should be refunded to the respective funding agencies and by the funding agencies, in turn, to the PIU-NATP for further refund to the Council, immediately after the close of financial year 2004-05. For the approved sub-projects which are to continue beyond 31.3.2005, funds will be released separately.
