Research Advisory Committee Meeting - 2006

The second meeting of the reconstituted Research Advisory Committee Meeting is proposed to be held during the end of March 2006. The Chairman and members of the committee would like to get the report before the meeting for perusal. I request all the scientists to give an account of the achievements made during the last year for compilation to the respective mega project leaders. A brief account of background information may be included as introduction of the research being undertaken. The report must be concise and explain the proposed outcome.

Mega project leaders are requested to compile the report in the following format.

1. Action Taken on previous RAC recommendations
2. Salient Research achievements
3. Major Programmes envisaged for the current year

M. Anandaraj
Member Secretary, RAC

Copy to:
