

**PROCEEDINGS OF THE FARM ADVISORY COMMITTEE MEETING
POINTS PERTAINING TO CHELAVOOR, CALICUT**

F.No.1 (46) FAC/Estt. 54

Date: 28.10.2005

The FAC met on 28th October at 11.00 am and discussed following points.

- 1 The FAC has approved the work of constructing a toilet at the old guest house for convenience, as it is suggested to convert it as Project Coordinator's office in the future. (Action: SIC farm & AAO)
- 2 FAC has approved the proposal for painting the field and layout display boards in the farm (Action: SIC farm & AAO)
- 3 ATIC-IC may convey in advance to KVK about their requirement of arecanut and coconut seedlings so that KVK can raise enough planting materials to supply ATIC in time (Action: ATIC-IC)
- 4 FAC also suggested for connecting the centralized distillation unit to the main tank through a separate pipe line as the existing GI line is clogged with rust and sediments and till the centralized unit is repaired, the distillation system in Agronomy may be used to collect double distilled water (Action: SIC farm)
